

TESTIMONIALS

We filmed at Dreamland for our big brand client and of all the locations we've visited around the country, our experience at Dreamland was by far the best. Not just because it's a visual feast but because the team were amazing, helpful, efficient, and just so easy to work with. I wish every location experience was as brilliant! Thanks #TeamDreamland. You're all ace!

Sam Brown, 72Point

The carpark serviced our needs perfectly and the whole visit and shoot went very well.

Kurits Parker, Yekaterina UK Ltd

The Dreamland team were an absolute pleasure to work with. We wouldn't have achieved what we needed for our filming without all the help given. There was an understanding of the filming process that made our many decisions much easier to make, and the team helped to facilitate our production on many levels from our recces, to the shoot and even helping to sort out our Unit base. I would definitely return with any future production.
